Susan, Shaw is acting as Intrepid's consultant in preparing the Plan.

When all changes are complete, we will submit it as an Intrepid document.

Kris,

We received the hard copies today, we will put them in the cue for review. It may be a month or two. I have two requests:

1. Do we have an authorization from Intrepid to accept information and amendments from Shaw?
2. Please provide us with a confidential binder that is stamped as such and clearly stamp all maps and pages that are confidential.

I have attached a pdf version of the response to the comments provided by the State of Utah - Division of Oil, Gas & Mining on May 11, 2007. I have also attached a copy of the BLM comment responses that were submitted on July 31, 2007 to include in your review.

Upon approval by the State of the submitted comment responses a complete version of the proposed mine and reclamation plan will be prepared and submitted which will include and address all previous comments approved by the State and BLM.

Hard copies of the comment responses will also be forwarded to your attention.

If you have any questions please feel free to contact me at anytime

Thanks
